

# Make Magic Kitten Cards

Everyone loves a home-made card, especially when they are as magical as these. Ask an adult to help you cut the white paper and card to size. Use your stickers to decorate the cards!

For each card you will need:

A sheet of coloured card with an envelope to fit when it is folded in two (or a blank card and envelope from a craft shop)

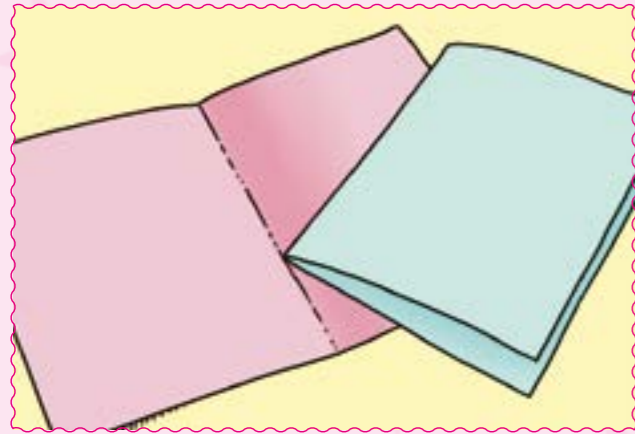

A piece of white paper or card the size of the pictures opposite

Paints, colouring pens or pencils

Glue

Sequins, stickers and/or glitter to decorate

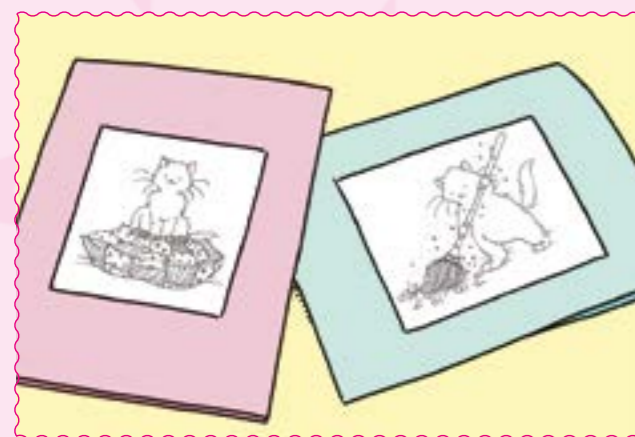

**TIP**  
Make sure the glue is completely dry and slide the cards very carefully into the envelopes so these sequins aren't brushed off.

**1** Fold the coloured card in two.

**2** Write your message inside the cards.

**3** Photocopy or trace the pictures on the opposite page onto the white paper or card, then colour and glue them to the front of your cards.

**4** Decorate your cards with your stickers and/or glitter so they sparkle with magic.
